Numerology: Numbers and Their Influence RoseMaree Templeton

At 17, RoseMaree Templeton began her life-long journey with numerology and Pythagorean theory, studying under her grandmother, Hettie Templeton, Australia's foremost numerologist during the 1940s and 1950s. Hettie Templeton worked for years among children and adults. In 1940 she wrote *Numbers & Their Influence*, which she updated in 1956 with *A Philosophy of Numbers*. She realized her methods were unorthodox, but wrote and taught in the certainty that her knowledge could help parents to better understand their children. In this book RoseMaree combines Hettie's teachings with her own insights and experience, written in an uncomplicated form for both beginners and serious students. RoseMaree's style is a return to the basics of self-help numerology. The clear, comprehensive explanations in the book show how to calculate and interpret the ruling number, day number, destiny number, and personal year number for yourself, your family members, and your friends. Learn how to draw up and read birth date and name charts, arrows, and the pyramid charts that map peaks and troughs throughout the course of a lifetime. Learn to understand the vibrational power of numbers to understand strengths and weaknesses, and those of others, and how best to take advantage of circumstances, favorable and unfavorable, that will occur during our lives. Comprehensive readings for well-known figures make fascinating reading as well as providing excellent guidelines for readers who want to take their numerology studies further.
