## The Enduring Reagan

A former Sunday school teacher and Hollywood actor, Ronald Reagan was an unlikely candidate for president. His charisma, conviction, and leadership earned him the governorship of California, from which he launched his successful bid to become the fortieth president of the United States in 1980. Reagan's political legacy continues to be the standard by which all conservatives are judged. In *The Enduring Reagan*, editor Charles W. Dunn brings together eight prominent scholars to examine the political career and legacy of Ronald Reagan. This anthology offers a bold reassessment of the Reagan years and the impact they had on the United States and the world.
