Technology to die for...

The most significant improvement to mankind since the invention of the internet, Chris Sanders knows his research will change the world and make him a very rich man.

When Chris's beautiful research assistant is murdered, evidence suggests she and Chris were having an affair and he becomes the prime suspect. Accused of adultery and murder, Chris must turn to his wife for help in proving his innocence, but should she trust him? Will she help?

Detective Ben Naylor from Washington DC's Metro PD finds the evidence against Chris is unequivocal. Either Chris Sanders is a calculating, cold-blooded killer, or he is the unluckiest son-of-a-bitch alive.

Can Chris win the fight to prove his innocence? Can he win the battle for his life?

Coding Isis is a fast-paced techno-thriller that brings a new breed of hero to the genre.

From reader reviews:

Terri Hatfield:

Here thing why this particular Coding Isis are different and trustworthy to be yours. First of all reading a book is good nevertheless it depends in the content from it which is the content is as delicious as food or not. Coding Isis giving you information deeper and in different ways, you can find any guide out there but there is no publication that similar with Coding Isis. It gives you thrill looking at journey, its open up your eyes about the thing which happened in the world which is perhaps can be happened around you. It is possible to bring everywhere like in park your car, café, or even in your means home by train. If you are having difficulties in bringing the imprinted book maybe the form of Coding Isis in e-book can be your option.

Brooke Jenkins:

The actual book Coding Isis will bring you to the new experience of reading a new book. The author style to describe the idea is very unique. Should you try to find new book to see, this book very suitable to you. The book Coding Isis is much recommended to you you just read. You can also get the e-book from the official web site, so you can easier to read the book.

Erica Dennis:

Reading can called mind hangout, why? Because if you find yourself reading a book specially book entitled Coding Isis your head will drift away trough every dimension, wandering in every single aspect that maybe unfamiliar for but surely will become your mind friends. Imaging every single word written in a reserve then become one web form conclusion and explanation this maybe you never get just before. The Coding Isis giving you one more experience more than blown away your thoughts but also giving you useful facts for your better life on this era. So now let us explain to you the relaxing pattern here is your body and mind are going to be pleased when you are finished reading it, like winning a. Do you want to try this extraordinary spending spare time activity?

Andre Smith:

This Coding Isis is great publication for you because the content that is full of information for you who always deal with world and have to make decision every minute. That book reveal it info accurately using great plan word or we can state no rambling sentences included. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only provides you with straight forward sentences but challenging core information with beautiful delivering sentences. Having Coding Isis in your hand like finding the world in your arm, facts in it is not ridiculous one. We can say that no book that offer you world in ten or fifteen moment right but this reserve already do that. So , this really is good reading book. Hello Mr. and Mrs. active do you still doubt that will?
