Can love survive the zombie apocalypse? Maybe Dicey's first chance at a real relationship was dead from the start. She's the star of her high school baseball team, and Jack's the star of the science program. Her idea of a study session includes sleeping in the sun, and his idea of a good game involves dungeons and dice. But opposites start attracting when they're assigned to be partners in a class project. Now an outbreak of a weird infection—it eats your brains and leaves you hungry for more—might not mean just the end of their first date. It might mean the end of everything. Will their relationship fall apart faster than zombies in the Florida sun, or can Dicey and Jack beat the odds and find a happy ending?
