### STARFLEET CORPS OF ENGINEERS

#### Concluding the all-new trilogy that tells the origin of the Starfleet Corps of Engineers!

The *U.S.S. da Vinci*'s cultural specialist, Carol Abramowitz, has always had trouble with first-contact missions, so when she expresses her concerns about dealing with the alien race the *da Vinci* has rescued, Captain Montgomery Scott tells her a story from the S.C.E.'s past....

A century before the heyday of the *da Vinci*, an engineering accident on an experimental Kelvan ship sent Scotty and an S.C.E. team led by his old friend Commander Mahmud al-Khaled into uncharted space. When a group of hostile aliens demands that they leave or face the consequences, the S.C.E. must work against the clock to repair the ship or face destruction!
