Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology) Marcello D'Orazio, Marco Di Zio, Mauro Scanu

There is more statistical data produced in today's modern society than ever before. This data is analysed and cross-referenced for innumerable reasons. However, many data sets have no shared element and are harder to combine and therefore obtain any meaningful inference from. Statistical matching allows just that; it is the art of combining information from different sources (particularly sample surveys) that contain no common unit. In response to modern influxes of data, it is an area of rapidly growing interest and complexity.

Statistical Matching: Theory and Practice introduces the basics of statistical matching, before going on to offer a detailed, up-to-date overview of the methods used and an examination of their practical applications.

- Presents a unified framework for both theoretical and practical aspects of statistical matching.
- Provides a detailed description covering all the steps needed to perform statistical matching.
- Contains a critical overview of the available statistical matching methods.
- Discusses all the major issues in detail, such as the Conditional Independence Assumption and the assessment of uncertainty.
- Includes numerous examples and applications, enabling the reader to apply the methods in their own work.
- Features an appendix detailing algorithms written in the R language.

Statistical Matching: Theory and Practice presents a comprehensive exploration of an increasingly important area. Ideal for researchers in national statistics institutes and applied statisticians, it will also prove to be an invaluable text for scientists and researchers from all disciplines engaged in the multivariate analysis of data collected from different sources.

From reader reviews:

Raymond Harris:

Do you have something that you like such as book? The book lovers usually prefer to decide on book like comic, small story and the biggest an example may be novel. Now, why not striving Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology) that give your pleasure preference will be satisfied simply by reading this book. Reading behavior all over the world can be said as the way for people to know world far better then how they react in the direction of the world. It can't be mentioned constantly that reading addiction only for the geeky individual but for all of you who wants to possibly be success person. So , for all you who want to start examining as your good habit, you can pick Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology) become your own starter.

Doris Stanford:

Your reading sixth sense will not betray an individual, why because this Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology) e-book written by well-known writer who knows well how to make book that could be understand by anyone who read the book. Written throughout good manner for you, leaking every ideas and producing skill only for eliminate your own personal hunger then you still question Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology) as good book not merely by the cover but also by the content. This is one e-book that can break don't ascertain book by its deal with, so do you still needing another sixth sense to pick that!? Oh come on your examining sixth sense already said so why you have to listening to an additional sixth sense.

Tony Paulson:

Do you like reading a e-book? Confuse to looking for your preferred book? Or your book has been rare? Why so many question for the book? But any kind of people feel that they enjoy to get reading. Some people likes reading through, not only science book but also novel and Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology) as well as others sources were given information for you. After you know how the truly amazing a book, you feel wish to read more and more. Science publication was created for teacher or maybe students especially. Those guides are helping them to increase their knowledge. In different case, beside science book, any other book likes Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology) to make your spare time far more colorful. Many types of book like this.

Joseph Haner:

Reserve is one of source of understanding. We can add our know-how from it. Not only for students but in addition native or citizen require book to know the update information of year to year. As we know those ebooks have many advantages. Beside most of us add our knowledge, could also bring us to around the world. Through the book Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology) we can get more advantage. Don't one to be creative people? To become creative person must prefer to read

a book. Just choose the best book that ideal with your aim. Don't end up being doubt to change your life at this book Statistical Matching: Theory and Practice (Wiley Series in Survey Methodology). You can more desirable than now.
