Continues its recounting of supernatural explorations, collecting a comprehensive compendium of ghostly tales, not penned by fictioneers such as Poe and King, but passed on by word of mouth and preserved by memory as actual windows on our nation's haunted past.

The authors have compiled an astounding collection of American ghost stories. Based on interviews with eyewitnesses, unearthed ancient archives, overheard tales, and actual paranormal visitations and explorations. From the "Haunts of Ivy," a survey of university ghosts, to an overview of spectral lights, from revolutionary spirits in New England to beyond the grave occurrences in the Badlands, Haunted Heritage is the ghost story collection for all of North America.
