To most of the world, North Korea remains a secretive and mysterious nation, one that has tightly controlled the outflow of information in order to groom its public image. This book chronicles a rare, regime-sanctioned excursion by a North American into the heart of the Democratic People's Republic of Korea. What is revealed is often what's expected, such as the adoration of leaders, excursions to national monuments, and exposure to propaganda relating to self-sufficiency. But as a Korean speaker, the author gathered a lot more information than the scripted English narration provided by his Korean guides. Behind the propaganda of the Communist regime, the authentic, eye-opening North Korea is revealed.
