Living together out of wedlock can mean anything, especially in court -- unlike married couples, most unmarried couples don't automatically inherit or receive protection under the law. Consequently, you must document everything from property ownership and children to wills and other estate plans.

An essential resource for any unmarried couple, *Living Together* explains:

- the legality of living together
- having and raising children
- the many types of ownership agreements
- relationships with a prior family
- getting authorization to make medical decisions for an ill or injured partner

Living Together includes:

- a complete overview of important legal documents, including a living together contract
- instructions to filling out these documents
- sample forms
- legal agreements

This edition provides the latest law in readable 50-state charts, and includes many fill-in-the-blank legal forms. It also discusses the laws covering same-sex marriages and civil unions, which are often so broad, they affect unmarried heterosexual couples as well.
