## **La falce di Crono (Italian Edition)** Lario Sinigaglia

Il motore della mente umana appare essere una fondamentale differenza di ruolo tra mente maschile e mente femminile, che è, prima di tutto, interna ad ogni individuo e poi si manifesta come scelta di ruolo, che talora discorda con il sesso.

La differenza di sesso maschera una differenza mentale ben più profonda e la protegge, dato che l'attrazione sessuale e la riproduzione impongono un accordo.

Il mito greco e la tragedia greca del quinto secolo a.C. mostrano il conflitto irriducibile, perché non può esserci un vincitore, e le provvisorie intese tra i due ruoli mentali, maschile e femminile, con profondità psicologica e intensità poetica mai eguagliate.
