The Combinatorial Index

Barry A. Bunin

The Combinatorial Index Barry A. Bunin

With the explosion of combinatorial solid-phase methods, access to information has become one of the main barriers facing a synthetic chemist who is contemplating a combinatorial approach to a medicinal chemistry problem. **The Combinatorial Index** is an answer to that problem. This compendium of methods from the primary literature provides quick and convenient access to reliable synthetic transformations as well as information on linkers and analytical methods. Each synthetic procedure is preceded by a section entitled "Points of Interest," which highlights the strengths and weaknesses of the various studies. The index also covers the use of solution-based synthesis for the generation of molecular diversity.

Key Features

- * Organized for rapid retrieval of published information on classes of synthetic transformations, linkers, and analytical methods
- * Serves as a laboratory manual for bench chemists
- * Includes a chapter on linkers to assist in choice of linking strategy
- * Discusses strengths and limitations of the various methods
- * Contains a structural index showing functional group transformations in solid-phase synthesis

From reader reviews:

William Todaro:

A lot of people always spent their very own free time to vacation or perhaps go to the outside with them family members or their friend. Do you know? Many a lot of people spent these people free time just watching TV, or perhaps playing video games all day long. If you need to try to find a new activity honestly, that is look different you can read a book. It is really fun for you. If you enjoy the book which you read you can spent the entire day to reading a publication. The book The Combinatorial Index it is very good to read. There are a lot of people that recommended this book. These were enjoying reading this book. When you did not have enough space to bring this book you can buy typically the e-book. You can m0ore very easily to read this book out of your smart phone. The price is not to cover but this book offers high quality.

Gene Kistler:

Exactly why? Because this The Combinatorial Index is an unordinary book that the inside of the book waiting for you to snap that but latter it will jolt you with the secret the idea inside. Reading this book close to it was fantastic author who all write the book in such awesome way makes the content inside easier to understand, entertaining method but still convey the meaning completely. So , it is good for you for not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of gains than the other book have got such as help improving your proficiency and your critical thinking method. So , still want to hold off having that book? If I ended up you I will go to the publication store hurriedly.

Mary Jacobs:

This The Combinatorial Index is great book for you because the content which can be full of information for you who else always deal with world and get to make decision every minute. This book reveal it data accurately using great manage word or we can declare no rambling sentences within it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only provides straight forward sentences but challenging core information with splendid delivering sentences. Having The Combinatorial Index in your hand like keeping the world in your arm, details in it is not ridiculous 1. We can say that no e-book that offer you world within ten or fifteen small right but this guide already do that. So , this is certainly good reading book. Heya Mr. and Mrs. hectic do you still doubt this?

Scott Hicks:

Beside this kind of The Combinatorial Index in your phone, it can give you a way to get more close to the new knowledge or details. The information and the knowledge you are going to got here is fresh in the oven so don't be worry if you feel like an outdated people live in narrow commune. It is good thing to have The Combinatorial Index because this book offers for you readable information. Do you at times have book but you would not get what it's exactly about. Oh come on, that wil happen if you have this within your hand. The Enjoyable blend here cannot be questionable, including treasuring beautiful island. Use you still want to miss the idea? Find this book along with read it from now!
