Remember the thrill of tearing open a gift on Christmas morning, discovering a brand-new Transformer in a shiny new box? While the toys were amazing in their own right, what made the packages stand head-and-shoulders above the myriad competing action figures on shelves was the stunning box art. *Transformers: Legacy* collects hundreds of beautifully airbrushed paintings from the iconic first decade of *The Transformers*. Hasbro, Takara, and private collectors opened their archives, yielding an unparalleled level of quality. This book is chock-full of extras, including never-before-seen artwork from toys that never were, original design sketches, catalog artwork, and more.
