Video Atlas of Shoulder Surgery (DVD) Peter D McCann

The Video Atlas of Shoulder Surgery will offer a unique source for easy access to both video and essential written summaries of the many techniques used to manage the full array of pathology that may be encountered by the orthopedic surgeon in training, community practice, or a specialty practice in the field of shoulder surgery. It will serve as a step-by-step guide for surgeons performing all aspects of shoulder surgery, from the simplest arthroscopy to the most advanced revision of failed arthroplasty. The contributions are from internationally recognized experts in shoulder surgery. The atlas is comprehensive in scope and offers both video and succinct written summaries of the key steps of the entire spectrum of procedures used today in modern shoulder surgery.
