Una ventana al mundo hispano. Ensayo Bibliográfico (Spanish Edition) Óscar Mazín

Entre el primer volumen de este ensayo (2006) y el que ahora tiene el lector en sus manos median estudios históricos que han enriquecido la mirada posnacional respecto de nuestra Iberoamérica. Parece que ya no hace falta ponderar la necesidad de trascender el marco de las historias nacionales, ámbito que no fue el propio de las monarquías ibéricas de España y Portugal (desde finales del siglo XV hasta principios del XIX); tampoco haría falta insistir en problematizar el estado-nación como enfoque privilegiado de análisis. Sin embargo, la importancia mayúscula de estos supuestos hace que aquí se les reitere. Finalmente, en el primer volumen se dijo que estábamos en un momento de acopio de materiales que nos permitiera hacer comparaciones de carácter sistemático. Ahora es posible empezar a proponerlas y ponerlas a discusión. Tal es el principal cometido del estudio preliminar de esta segunda entrega. La descripción de cada uno de los cinco ejes temáticos mencionados incluye miradas comparadas entre la Nueva España y Perú.
