## **The Funny Thing Is...** Ellen Degeneres

Ellen DeGeneres published her first book of comic essays, the #1 best selling *My Point...and I Do Have One*, way back in 1996. Not one to rest on her laurels, the witty star of stage and screen has since dedicated her life to writing a hilarious new book. That book is this audiobook.

After years of painstaking, round-the-clock research, surviving on a mere twenty minutes of sleep a night, and collaborating with lexicographers, plumbers, and mathematicians, DeGeneres has crafted a work that is both easy on the ears and very funny. Along with her trademark ramblings, *The Funny Thing Is...* contains hundreds of succinct insights into her psyche, and offers innovative features including: more than 50,000 simple, short words arranged in sentences that form paragraphs; thousands of observations on everyday life, from terrible fashion trends to how to handle seating arrangements for a Sunday brunch with Paula Abdul, Diane Sawyer and Eminem; all twenty-six letters of the alphabet read aloud.

Sure to make you laugh, *The Funny Thing Is...* is Ellen in top form.
