Indisputable evidence has revealed the greatest threat to America's economy. Is it off-shoring labor? Unethical corporate practices? A turbulent market that forces downsizing? No. A Gallup Organization survey of more than one million Americans show that nearly 75 percent of all workers are disengaged. Employee disengagement is a widespread malady in American organizations, causing the loss of billions of dollars, hours of dissatisfaction, and work lives lacking true value. In his book, *Fired Up or Burned Out*, Michael Stallard shares the three key actions necessary to transform even a lethargic, disconnected organization or office into an impassioned, innovative, and thriving workplace.
