Peninsula Years: Britain's Red Coats in Spain and Portugal D S Richards

The Peninsular Campaign was conducted over terrain ranging from the sun scorched plains of Andalusia to the picturesque snow covered passes of the Pyrenees. Drawing on the experiences and observations of fifty-six officers and men who fought during the years 1808 to 1814, *The Peninsula Years* is a thrilling and fast moving narrative of the bloody campaigns in the Iberian Peninsula, as well as showing insight into the everyday hardships common to the ordinary British redcoat. The contrary nature of the infantryman of that time is effectively illustrated in the long and arduous retreat to Corunna with its accompanying scenes of drunken and licentious behavior yet, when the occasion called for it, he was capable of outstanding feats of suicidal bravery as demonstrated at Albuera or in the murderous assault against Badajoz

Wellington may have referred to the men under his command as scum, but without their fortitude, bravery and endurance he knew that Spain would never have been swept clean of France's elite divisions, thus paving the way for Napoleon's eventual downfall and defeat.
