Si la naturaleza se opone...: Terremotos, historia y sociedad en Venezuela (Trópicos nº 91) (Spanish Edition) Rogelio Altez

«... En lo más elevado encontré a Don Simón de Bolívar que en mangas de camisa trepaba por ellas para hacer el mismo examen (...) Me vio y me dirigió estas impías y extravagantes palabras: Si se opone la naturaleza, lucharemos contra ella y haremos que nos obedezca...».

Cuando el 26 de marzo de 1812 un devastador terremoto asolara a Caracas, la naturaleza cobró protagonismo y pasó de inadvertido escenario a enemigo público: con ello se ganó un lugar en la mitología nacional, pues sirvió de adversario fantástico y necesario para la imagen del héroe, Simón Bolívar.

El presente volumen propone un recorrido por los terremotos más importantes de la historia de Venezuela, estudiados bajo la mirada científica de la sismología y cotejados con anécdotas y crónicas de la sociedad.

Venezuela es un país sísmico, y esto significa que convive con los terremotos. Este libro pretende llamar la atención al respecto, señalando la regular visita de esos fenómenos que despiertan horrores y angustias, a la vez que intenta confrontar los imaginarios que se recrean a partir del miedo a los temblores, descifrándolos fácilmente al aproximarse a su forma más natural.
