Wouldn't it be great if you could have two of the world's most sought-after Photoshop teachers sitting next to you at your computer as you navigate through the infinite possibilities of your digital photographic darkroom? **How to Wow: Photoshop for Photography** is the next best thing. It's the brainchild of two Photoshop powerhouses--**Jack Davis** and **Ben Willmore**, both world-renowned authors and educators, who have developed an effective way to help you reach your full creative potential. Jack and Ben guide you step-by-step through real-world projects, with an emphasis on uncompromising quality, last-minute flexibility, and go-home-at-night speed! You'll receive tips and techniques on everything from streamlining your workflow to solarizing without chemicals to balancing out skin tones. Whether it's optimizing the color and tone of your image, retouching cosmetic undesirables, reconstructing priceless heirlooms, or creating sepia color treatments, you'll be given the tools at every stage of the creative process in order to learn How to Wow!

The book begins with the essentials of workflow (including color management, Photoshop's File Browser, and Camera Raw), and then moves on to adjusting and optimizing and retouching and repairing. Next comes the fun stuff, with projects focusing on enhancing and exaggerating aspects of your photos for maximum impact, followed by projects on color and black-and-white treatments and artistic effects and overlays. Finally, there is a chapter devoted to combining your images and creating custom photo collages using instant Wow Tools Presets, available on the CD-ROM accompanying the book.
