## **The Lessons of History** Will Durant, Ariel Durant

In this illuminating and thoughtful book, Will and Ariel Durant have succeeded in distilling for the reader the accumulated store of knowledge and experience from their four decades of work on the ten monumental volumes of *The Story of Civilization*. The result is a survey of human history, full of dazzling insights into the nature of human experience, the evolution of civilization, the culture of man. With the completion of their life's work they look back and ask what history has to say about the nature, the conduct and the prospects of man, seeking in the great lives, the great ideas, the great events of the past for the meaning of man's long journey through war, conquest and creation -- and for the great themes that can help us to understand our own era.

To the Durants, history is "not merely a warning reminder of man's follies and crimes, but also an encouraging remembrance of generative souls...a spacious country of the mind, wherein a thousand saints, statesmen, inventors, scientists, poets, artists, musicians, lovers, and philosophers still live and speak, teach and carve and sing...."

Designed to accompany the ten-volume set of *The Story of Civilization*, *The Lessons of History* is, in its own right, a profound and original work of history and philosophy.

#### **Mary Lewis:**

Precisely why? Because this The Lessons of History is an unordinary book that the inside of the book waiting for you to snap the idea but latter it will distress you with the secret the item inside. Reading this book adjacent to it was fantastic author who have write the book in such incredible way makes the content inside easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you for not hesitating having this nowadays or you going to regret it. This unique book will give you a lot of rewards than the other book include such as help improving your expertise and your critical thinking approach. So , still want to delay having that book? If I were you I will go to the book store hurriedly.

#### **Anthony Wilson:**

As a college student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just minor students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this The Lessons of History can make you feel more interested to read.
