*Transitional Justice, Judicial Accountability and the Rule of Law* addresses the importance of judicial accountability in transitional justice processes. Despite a general consensus that the judiciary plays an important role in contemporary governance, accountability for the judicial role in formerly authoritarian societies remains largely elided and under-researched. Hakeem O. Yusuf argues that the purview of transitional justice mechanisms should, as a matter of policy, be extended to scrutiny of the judicial role in the past. Through a critical comparative approach that cuts through the transitioning experiences of post-authoritarian and post-conflict polities in Latin America, Asia, Europe and Africa, the book focuses specifically on Nigeria. It demonstrates that public accountability of the judiciary through the mechanism of a truth-seeking process is a necessary component in securing comprehensive accountability for the judicial role in the past. *Transitional Justice, Judicial Accountability and the Rule of Law* further shows that an across-the-board transformation of state institutions – an important aspiration of transitional processes – is virtually impossible without incorporating the third branch of government, the judiciary, into the accountability process.
