**Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus** Philip R. Brown

This is primarily a textbook for university students. In particular, this book can be used as a textbook or an additional reference book by students attending a university course in algebra, Euclidean geometry, trigonometry or differential calculus. As a calculus textbook, this book is unique in that it contains all the school mathematics that students will need to know in order to be successful in a calculus course. For this reason, this book will be invaluable for students who might need to fill in some "gaps" in their mathematical background, or review certain topics, while attending a university calculus course. Included in this book is a chapter on spherical trigonometry. This will give students a deeper understanding of trigonometry and to give them some exposure to non-Euclidean geometry. There is a strong emphasis in this book on the unfolding and development of concepts and the historical development of mathematics, with many diagrams as an aid to understanding.

### **From reader reviews:**

#### **Kenneth Leishman:**

The book Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus gives you the sense of being enjoy for your spare time. You should use to make your capable more increase. Book can being your best friend when you getting anxiety or having big problem together with your subject. If you can make reading through a book Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus to be your habit, you can get much more advantages, like add your personal capable, increase your knowledge about several or all subjects. You are able to know everything if you like wide open and read a e-book Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus. Kinds of book are a lot of. It means that, science book or encyclopedia or other individuals. So , how do you think about this publication?

#### **Tammy Robinson:**

As people who live in typically the modest era should be up-date about what going on or details even knowledge to make these people keep up with the era which is always change and move ahead. Some of you maybe may update themselves by examining books. It is a good choice for yourself but the problems coming to a person is you don't know what kind you should start with. This Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus is our recommendation so you keep up with the world. Why, because this book serves what you want and want in this era.

#### **Veda Howard:**

Reading a guide tends to be new life style with this era globalization. With examining you can get a lot of information that can give you benefit in your life. With book everyone in this world can certainly share their idea. Guides can also inspire a lot of people. Lots of author can inspire all their reader with their story or perhaps their experience. Not only situation that share in the publications. But also they write about the ability about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book that you can get now. The authors in this world always try to improve their proficiency in writing, they also doing some research before they write on their book. One of them is this Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus.

#### **Donald Barber:**

Do you really one of the book lovers? If yes, do you ever feeling doubt when you find yourself in the book store? Try to pick one book that you find out the inside because don't determine book by its protect may doesn't work the following is difficult job because you are frightened that the inside maybe not seeing that fantastic as in the outside search likes. Maybe you answer might be Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus why because the fantastic cover that make you consider regarding the content will not disappoint you actually. The inside or content is definitely fantastic as the

outside or perhaps cover. Your reading sixth sense will directly direct you to pick up this book.
