When women picketed the White House demanding the vote on January 10, 1917, they broke new ground in political activism. Demanding that President Wilson influence Congress, they marched in the streets in the nation's first ever coast-to-coast campaign for political rights. Women were imprisoned for peaceful protests, went on hunger strikes and were beaten and tortured by authorities. But they won the 19th Amendment, ensuring that the right to vote could not be denied because of gender. Their successful nonviolent civil rights campaign established a precedent for those that followed, giving them the tools--including the vote--needed to advance their goals. This book chronicles the work of Alice Paul and the National Woman's Party and their influence on American political activism.
