archaeology prophecy: hurricane prophecy theory prophecy seal/state marrisa mrs stephanie diane curry

Side note: Why in Mecca (of Saudi Arabia) did the hottest rain ever recorded for anywhere in the world just occur June 5, 2012? A thunderstorm rolled in over Mecca (Mekkah) when the temperature was at 109 degrees. (Moreover, Mecca set their own hottest day ever for that city just three days prior, that is, on June 2, 2012. The temperature hit a scorching 124.5 degrees!) I believe that both the record hot day and the record hot rain three days later are both symbolic of the rain of fire that "rained upon Sodom and Gomorrah" about 4000 years ago. stephanie curry
