## **I Am Coyote** Geri Vistein

Coyote is three years old when she leaves her family to seek a home of her own and a mate to share it with. Journeying by night through a Canadian winter, she doesn't know that her search will become a 500-mile odyssey. Nor can she know while enduring extreme cold, hunger, and harrowing brushes with death that she and her descendants are destined to play a vital role in the forests of the eastern United States, replacing wolves (exterminated a century ago) as the keystone predator the landscape desperately needed.

Combining rigorous science with imaginative storytelling, *I Am Coyote* reveals the complex outer and inner lives of coyotes. We are not the only sentient beings on this planet; we are not unique in experiencing love, fear, grief, joy, and acceptance. This magical story will change the way you think about the animals with whom we share the world.
