It's time for a new generation of readers to discover the phenomenally bestselling and beloved series, told entirely in messages and texts. With a fresh look and updated cultural references, the notorious list-topping series is ready for the iPhone generation.

First published in 2004 (holy moly!), *ttyl* and its sequels follow the ups and downs of high school for the winsome threesome, three very different but very close friends: wild Maddie (mad maddie), bubbly Angela (SnowAngel), and reserved Zoe (zoegirl). Through teacher crushes, cross-country moves, bossy Queen Bees, incriminating party pics, and other bumps along the way, author Lauren Myracle explores the many potholes of teenagedom with the unflinching honesty and pitch-perfect humor that made this series a staple of young adult literature.
