Did the Thatcher years and their aftermath constitute a revolution or a restoration in education. Do they represent a departure from, or a reinforcement of tradition? *Contemporary Debates in Education* is a thought-provoking volume which reviews the reforms of the eighties and early nineties, then follow this with an examination of the long-standing issues in education over the last century in order to relate current reforms and changes to their broader historical background, so that those with a general or professional interest in education can better understand the process in which they are involved.
