Economia e sociologia della notte: Percorsi e temi di analisi (Best Practices) (Italian Edition) Everardo Minardi

Economia e sociologia della notte si propone di dare voce al lavoro dei ricercatori sui diversi fenomeni della notte. I testi di questo eBook sono le testimonianze di un lavoro di ricerca, anche in chiave internazionale, su un tema di particolare rilevanza, per la moltiplicazione di attività istituzionali, volte alla sicurezza e alla salute, di attività economiche e produttive, anche in seguito all'impiego di nuove tecnologie, di attività di aiuto sociale nei confronti delle famiglie, di persone emarginate ed escluse, dei nuovi immigrati; non si trascurano peraltro l'attenzione anche al ruolo crescente che hanno le attività sportive e di loisir, che nella dimensione notturna, sembrano ancora dare origine ad un sistema produttivo di tipo immateriale.
