Mary E. Edwards

**Regional and Urban Economics and Economic Development: Theory and Methods** Mary E. Edwards  
Thorough and authoritative, **Regional and Urban Economics and Economic Development: Theory and Methods** provides students with a sound approach to analyzing the economic progress of a region or urban area.

The textbook is divided into four sections for ease of reference. The first section, *Market Areas and Firm Location Analysis* introduces spatial economics and location theory, while the next section, *Regional Growth and Development* analyzes regional growth and development models and policy. Introducing the foundations of urban economics, *Urban Land Use and Urban Form* examines land rent, land use patterns, and the effects of attempts to control land uses. The final section, *Urban Problems and Policy*, investigates local public finance and introduces the policy analysis involved in countering urban problems.

Addressing these topics from the perspectives of how they affect the population at large and how they become established within public policy, **Regional and Urban Economics and Economic Development: Theory and Methods** provides students with an essential foundation not only to understand but also to contemplate the dynamics of varying economic factors as they relate to an area's growth.
