**A parent's guide to raising financially responsible children in an age of unprecedented wealth**

It is natural as parents that we want to give our children the best of everything. And in an age of unprecedented wealth and easy credit, upper- and middle-income parents can indulge that urge like never before. Yet, you have become alarmed over the impact this newfound affluence may be having on your children. You fear that through your generosity you are training your children to be greedy, selfish spendthrifts. The first parenting guide to focus exclusively on this increasingly sensitive topic, *Silver Spoon Kids* was coauthored by a psychotherapist who counsels people with money-related emotional problems and a lawyer specializing in estate planning.

Drawing upon their experiences as members of the renowned NYU Family Wealth Institute, they tell you how to talk to kids about money, how to teach them to handle it responsibly, and how to instill in your kids a sense of giving to their communities.
