O Império Ecológico (Portuguese Edition) Pascal Bernardin

"A nova ideologia deverá fornecer um 'princípio central e unificador' em torno do qual a sociedade mundial poderá se construir e se definir. Esse princípio deverá formá-la por inteiro, permiti-la definir tanto os objetivos sociais quanto as normas de comportamento individual, ser aceito pelos povos do Ocidente e do Oriente, do Norte e do Sul. Ele deverá evitar confrontar qualquer sensibilidade religiosa ou 'filosófica', mas, ao contrário, fazer avançar a causa sincretista e a aparição de uma religião mundial.[...] A presente obra mostrará que a ideologia ecológica preenche todas essas condições sem nenhuma exceção. Ela visa a provocar uma mudança de paradigma (idêntica àquela apregoada pela Nova Era), uma modificação do conceito de Deus, do homem e do mundo com conseqüências inestimáveis. Assim, colapsa a concepção cristã do homem, criado por Deus e colocado ao centro da Terra, substituída pela perspectiva holística que nos quer o produto - mal - da evolução, o ápice da cadeia evolutiva.[...] A Criação é portanto sacralizada, sem referência ao Criador. A ecologia, o respeito pela Criação, obra de Deus, é subvertida e veicula uma concepção pegã e revolucionária da natureza. O homem, e ainda mais o indivíduo, apaga-se diante dos imperativos da 'gestão sustentável' do planeta. De tal modo a antropologia cristã, norma cultural e social que subsiste ainda, ao menos inconscientemente, nos espíritos, desaparece, e a civilização global pode ser edificada".
